BOARD DEVELOPMENT

Strengthening Governance for Sustainable Mission Impact

A well-formed board is more than a fiduciary body—it's a steward of your mission. Acela Solutions equips boards with tools, training, and clarity to lead wisely and faithfully. We offer:

- ◆ Board formation and governance training
- ◆ Role clarity and best-practice frameworks
- ◆ Communication and decision-making support
- ◆ Board culture assessments and planning retreats

Effective boards don't just govern—they guide the mission forward.

STRATEGIC PLANNING

Planning With Purpose. Leading With Mission.

Strategic planning should be visionary yet grounded, bold yet practical. We partner with Catholic institutions to craft strategic plans rooted in mission, informed by data, and embraced by stakeholders. We provide:

- ◆ Environmental scans and community assessments
- ◆ Visioning and strategic priority setting
- ◆ Stakeholder engagement and facilitation
- ◆ Implementation roadmaps with accountability measures

Together, we build plans that inspire action and sustain momentum.

Rooted in mission. Focused on leadership. Driven by growth and unity.
